CHMCH/Estt / 253 /2022

Dated: 05.04.2022

OFFICE ORDER

Apropos to Homoeopathic Philosophy as directed by Dr. Christian Friedrich Samuel Hahnemann, founder of the Homoeopathic System of Medicine and in keeping with the Legacy of this esteemed institute, established in 1881, it is hereby decided that all types of prescription in the OPD/IPD should strictly remain within the premise of 'Single Medicine' only.

All the attending Homoeopaths including Faculties, MO/RMOs, PGTs, House staffs who are attending OPD/IPD/ Peripheral Clinics are hereby asked to follow the order and uphold the tenets of holistic approach as envisioned by Dr. Hahnemann.

On the 267th birth anniversary of Dr Hahnemann, let this be our homage to the genius of Dr. Hahnemann and also be a source of inspiration for others to follow suit.

This order is issued as a visionary approach to the Homoeopathic profession to prevent deviation from Homoeopathic cardinal principle (as it was/is/will be) in Practice and Research , and to show the right direction to the profession in present and the distant future.

All the concerned are being informed accordingly.
